SUMMARY

Results-driven IT professional with 6+ years of experience in IT service delivery, enterprise infrastructure support, and team coordination. Proven expertise in ITSM operations, incident and problem management, endpoint and identity administration, cloud and virtualization platforms, and compliance-driven environments. Strong track record in streamlining service delivery processes, improving SLA adherence, optimizing IT operations, and supporting business continuity. Experienced in cross-functional collaboration and ready to take on a Team Lead / Senior IT Support role.

EXPERIENCE

IT Support Engineer

Clinisys (India) Pvt Ltd – Bengaluru

Feb 2024 – Present, BANGALORE

- Perform incident-based IT support with focus on access issues, endpoint security alerts, and policy enforcement
- Administer Active Directory, Microsoft 365, and Microsoft Intune for secure user and device management
- Configure and maintain endpoint security policies through Intune, reducing misconfigurations and improving compliance
- Support VMware vSphere virtual infrastructure, including VM provisioning and access control
- Manage IT asset inventory, procurement lifecycle, and secure onboarding/offboarding processes

Junior Engineer – IT Operations

Veer O Metals Pvt Ltd – Bengaluru

Jan 2021 - Feb 2024, BANGALORE

- Managed on-premises Windows Servers and AWS cloud environments supporting business-critical operations
- Administered firewalls, VPNs, antivirus, DLP solutions, and email security (Gmail, Zoho Mail)
- Monitored backup systems, access permissions, and system configurations to ensure data protection
- Served as Management Representative (MR) for ISO 27001:2013 ISMS, responsible for IT controls, documentation, and audit coordination
- Conducted risk assessments and implemented security controls aligned with ISMS requirements

Freelance Service Engineer

Jay Soft Corp – Pudukkottai

May 2018 - Dec 2020, PUDUKKOTTAI

- Delivered hardware and software troubleshooting for desktops and laptops
- Performed OS installation, system hardening, data recovery, and network setup

KEY PROJECT

Secure Internal Workflow Management System

Veer O Metals Pvt Ltd | Aug 2022 – Feb 2024

- Designed and deployed a centralized internal web-based workflow platform consolidating multiple departmental forms
- Hosted securely within the corporate domain, ensuring controlled access and data integrity
- Reduced dependency on third-party tools, resulting in significant operational cost savings
- Improved internal process efficiency while minimizing data leakage and external exposure risks
